On behalf of Greater Manchester Pension Fund, we undertook the external and internal strip-out and refurbishment works of Unit 4 & 8 at Broadfield Business Park.

Externally, the works included the cleaning and relining of gutters, along with cleaning the cladding to all elevations.

Internally, we carried out repair and refurbishment works to the warehouse and original office areas. This involved the full strip-out of the tenant's temporary office block, including walls, floors, staircase, fixtures, and fittings, as well as isolating redundant mechanical and electrical services.
